Project Kana

Project Kana, a transformative English Skills Program undertaken between November 2022 and February 2023, stands as a testament to collaboration and educational empowerment. Implemented with the support of the Rotary Club of Guindy and the Adi Dravidar Welfare Department - Govt of Tamil Nadu, the initiative aimed to uplift 250 underprivileged girls residing in the ADW Girls Hostel Vepery, Chennai. This program meticulously structured a 60-hour curriculum, fostering not just language proficiency but also confidence and self-assurance.

Interactive methods, including role-plays and group activities, made learning engaging and participative. Post assessments, conducted midway and at the program's end, demonstrated a remarkable transformation, with students displaying improved language proficiency and confidence.

Soft skills training, including resume writing, interview skills, and team dynamics, added a holistic dimension to the program. The Rotary Club of Guindy's unwavering support, including motivational lectures and guest visits, greatly enhanced the program's impact.
